**THE UNIVERSITY OF NORTH CAROLINA AT GREENSBORO**

February 15, 2007

**INFORMATION/PRESENTATION:** Report from the University Committee on Sustainability

**BACKGROUND INFORMATION:**

Dr. Anna Marshall-Baker, Chair of the Faculty Senate, and Jenny Paige, Director of the Office of Waste Reduction and Recycling and also the Sustainability Coordinator for UNCG, will describe the work of the newly formed University Committee on Sustainability. Dr. Marshall-Baker will present information on the state of sustainability in higher education, generally, and specifically at UNCG. Serving as Chair of the University Committee on Sustainability, Jenny Paige will describe the work to date of the eight working groups, including the short- and long-term goals for UNCG. The presentation will conclude with a summary of events planned throughout this current semester that culminate in April 2007 with a report to the university community facilitated by a well-known authority involved in sustainability in higher education.
