

**BOARD OF TRUSTEES**  
**THE UNIVERSITY OF NORTH CAROLINA AT GREENSBORO**

February 15, 2007

**INFORMATION ITEM:** Report on Architects/Designers Appointed by Chancellor

**BACKGROUND INFORMATION:**

At the November 9, 1995, meeting of the Board of Trustees, the Board authorized the Chancellor, ex-officio, to appoint architects and engineers for projects whose authorized funding is \$500,000 or less, and authorized the Chancellor to report all such appointments to the Board at its next meeting.

**Curry Pedestrian Mall**

This project includes the design of a new pedestrian walkway with landscaping located between the McNutt, Curry and Ferguson Buildings from Forest Street to Highland Avenue.

The firm of Susan Hatchell Landscape Architecture was recommended for this appointment because of similar pedestrian project experience with the UNC system, previous work experience on the UNCG campus, and experience with this type of project.

Based on the above information, appointment of Susan Hatchell Landscape Architecture, Raleigh, N.C. was made by the Chancellor.

**Forest Street Pedestrian Walkway**

This project will provide improvements to Forest Street, from its termination at the service yard on the south side of the Elliott University Center to its intersection with Spring Garden Street. The objective of this project is to improve accessibility for the disabled, provide additional walkway lighting, and create a buffer between pedestrian traffic and the service drive vehicular traffic to improve safety.

The firm of Kimley-Horn and Associates, Inc. was recommended for this appointment because of familiarity with this particular project, past performance on similar street-scape projects, and appropriate expertise in this type of project.

Based on the above information, appointment of Kimley-Horn and Associates, Inc. Raleigh, N.C. was made by the Chancellor.

**Grogan Residence Hall-Fire Department Access**

This project involves reworking the existing driveway on the north side of Grogan Residence Hall to allow better access for fire trucks to the building.

The firm of Kimley-Horn and Associates, Inc. was recommended to the Chancellor for this appointment because of similar project experience with the UNC System, previous work experience on the UNCG campus, and the ability to provide ancillary services for the project (i.e. civil engineering, and tree protection).

Based on the above information, appointment of Kimley-Horn and Associates, Inc. Raleigh, N.C. was made by the Chancellor.

**Foust Building Window Repairs**

This project will evaluate the existing windows in the Foust Building and make necessary repairs and repaint.

The firm of TFF Architects and Planners, LLP was recommended for this appointment because of specialized expertise in historic window repair and replacement, inclusion of an experienced Historic Window Rehabilitation Consultant as part of the design team, and past performance on similar projects.

Based on the above information, appointment of TFF Architects and Planners, LLP Greensboro, N.C. was made by the Chancellor.

**Print Shop/Store Room Fire Alarm Systems**

This project will add fire alarm systems to the Print Shop and Store Room Building. These buildings have no fire alarm system currently and have no sprinkler system.

The firm of Spring Stoops McCullen Engineering, PA was recommended for this appointment because of experience on projects of similar size and complexity, successful projects on other University campuses, and experience in renovation projects.

Based on the above information, appointment of Spring Stoops McCullen Engineering, PA, Durham, N.C. was made by the Chancellor.
