ACTION ITEM: Parking Regulations

BACKGROUND INFORMATION:

General Statute 116-44.4 provides that the Board of Trustees of The University of North Carolina at Greensboro may regulate traffic and parking registration of vehicles by the adoption of ordinances for that purpose.

The University’s Parking Committee, made up of faculty, staff, and students working with the administration reviews and makes recommendations concerning parking needs for the campus. These changes are necessary from time-to-time in order to meet the needs of students, faculty, staff and visitors and to support the Transportation Master Plan for parking and program development for the University.

The administration proposes to make the following changes in parking permits and lots with the concurrence of the Parking Committee as follows:

1. **Maximum Deck Rate Increase**: It is the Committee’s recommendation that the maximum deck rate be increased from $5 per day to $6 per day. The additional funds are needed to help cover increasing operating and costs for maintenance. The hourly rate will continue to be $1 per hour. Furthermore, the $6 per day rate is consistent with the maximum rates of peer institutions, local city, and airport deck parking.

2. **New Residential Deck Permit Types**: The Parking Committee proposes the new permit types (WB – Walker Deck Resident, MB – McIver Deck Resident, KB – Oakland Deck Resident, and SGB – Spring Garden Deck Resident) be developed and sold to residence hall students only. This distinction would help Parking Operations better manage parking supply. The cost per year would be $420. This recommendation is consistent with recommendations from the Transportation Master Plan to encourage efficient and effective use of parking inventory.

3. **Temporary Permit Rate Increase**: The Committee advocates that an increase in the monthly temporary permit rate is required. A $5 increase is proposed from $25 per month to $30 per month. The increase would keep this permit more in line with the annual permit price.

As noted above, all recommendations have been discussed and approved by the Parking Committee and are in accordance with the Transportation Master Plan. We require approval of the following changes in our parking rates and structure for the 2008/09 academic year:
RECOMMENDED ACTIONS:

That the Board of Trustees of The University of North Carolina at Greensboro approve amendments to the parking regulations as outlined below, to be implemented beginning with the fall semester of the 2008/09 academic year:

1. Approve the daily maximum Deck rate increase from $5 per day to $6 per day

2. Approve New Resident Deck Permit Types at $420 per year:
   - Walker Deck Resident Permit – WB
   - Melver Deck Resident Permit – MB
   - Oakland Deck Resident Permit – KB
   - Spring Garden Deck Resident Permit – SGB

3. Approve the Temporary Permit rate increase from $25 to $30 per month
