

**BOARD OF TRUSTEES**

**THE UNIVERSITY OF NORTH CAROLINA AT GREENSBORO**

February 19, 2009

**ACTION ITEM:** Proposed Changes to the Employment of Head Coaches Policy

**BACKGROUND INFORMATION:**

Approval is requested for changes to the Employment of Head Coaches Policy. The NCAA Division I Board of Directors has developed an academic reform package. The goal of this package is to improve academic performance and graduation rates of student-athletes. The centerpiece of the academic reform package is the development of a new academic measurement for sports teams, known as the Academic Progress Rate, or APR.

UNCG is electing to incorporate new language in the Employment of Head Coaches Policy in order to make head coaches aware of their obligations and expectations under the new academic reform package and APR. The proposed changes are included in the attachment.

**RECOMMENDED ACTION:**

That the Board of Trustees of The University of North Carolina at Greensboro approve the proposed changes to the Employment of Head Coaches Policy.

David H. Perrin  
Provost and Vice Chancellor for Academic Affairs
