The University of North Carolina at Greensboro Board of Trustees
The University of North Carolina at Greensboro
Greensboro, NC COURIER #02-14-23

We have completed our audit at The University of North Carolina at Greensboro for the year ended June 30, 2010, as described in our engagement letter dated June 25, 2010. Professional standards require that we provide you with the following information related to our audit.

Significant Accounting Policies

The University changed accounting policies by adopting the following Statements from the Governmental Accounting Standards Board (GASB):

- GASB Statement No. 51, Accounting and Financial Reporting for Intangible Assets – This statement requires reporting certain intangible assets as capital assets.

- GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments – This statement requires reporting certain derivative instruments at fair value.

In accordance with the terms of our engagement letter, we advised management about the appropriateness of accounting policies and their application.

We noted no transactions during the year for which there is a lack of authoritative guidance or consensus.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing our audit.

Corrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to management. The following misstatements were identified during the audit and corrected by management:

- A reclassification in the amount of $741,832 was posted to correct the presentation of net assets. This was required to reclassify the Federal Perkins loan program as nonexpendable net assets rather than expendable net assets.
- An audit reclassification in the amount of $2,845,744 was posted to reclassify to nonexpendable and expendable net assets. The adjustment was required to correct a presentation error that occurred when the University inverted the adjustment for underwater endowments.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated November 22, 2010 (copy attached).

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a “second opinion” on certain situations. If a consultation involves application of an accounting principle to the financial statements or a determination of the type of auditor’s opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

This information is intended solely for the use of The University of North Carolina at Greensboro Board of Trustees, The University of North Carolina at Greensboro Board of Trustees Audit Committee, and management of The University of North Carolina at Greensboro and is not intended to be and should not be used by anyone other than those specified parties.
