INDEPENDENT AUDITOR'S REPORT

Board of Trustees  
The University of North Carolina at Greensboro  
Greensboro, North Carolina

We have audited the accompanying basic financial statements of The University of North Carolina at Greensboro, a constituent institution of the multi-campus University of North Carolina System, which is a component unit of the State of North Carolina, as of and for the year ended June 30, 2010, as listed in the table of contents. These financial statements are the responsibility of the University’s management. Our responsibility is to express an opinion on these financial statements based on our audit. We did not audit the financial statements of The University of North Carolina at Greensboro Investment Fund, Incorporated, which represent 22 percent, 29 percent, and 5 percent, respectively, of the assets, net assets, and revenues of the University; the financial statements of The UNCG Excellence Foundation, Inc., which represent 10 percent, 13 percent, and 2 percent, respectively, of the assets, net assets, and revenues of the University; or the financial statements of the Capital Facilities Foundation, Inc., which represent 5 percent, .34 percent, and .03 percent, of the assets, net assets, and revenues of the University. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for those entities, is based on the reports of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion.

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the financial position of The University of North Carolina at Greensboro as of June 30, 2010, and the changes in its financial position and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.
As discussed in Note 16 to the financial statements, the University implemented Governmental Accounting Standards Board Statement No. 51, Accounting and Financial Reporting for Intangible Assets and Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, during the year ended June 30, 2010.

In accordance with Government Auditing Standards, we have also issued our report dated November 22, 2010 on our consideration of the University’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, grant agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The Management’s Discussion and Analysis, as listed in the table of contents, is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Beth A. Wood, CPA
State Auditor
