The University of North Carolina at Greensboro Board of Trustees
The University of North Carolina at Greensboro
Greensboro, North Carolina  Couri e #02-14-23

We have completed our financial statement audit at The University of North Carolina at Greensboro for the year ended June 30, 2012. Professional standards require that we provide you with the following information related to our audit.

Significant Accounting Policies

Management, along with the Office of the State Controller, has the responsibility for selection and use of appropriate accounting policies. The significant accounting policies used by the University are described in the notes to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended June 30, 2012 in a manner that significantly impacts the comparability of the financial statements with those of the prior year.

We noted no transactions during the year for which there is a lack of authoritative guidance or consensus.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing our audit.

Corrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to management. The following misstatements were identified during the audit and corrected by management:

- An audit adjustment was posted to reclassify a deposit of $5,155,141 paid for a land purchase from other accounts receivable to other assets. This reclassification had no effect on net assets.
Management Representations

We have requested certain representations from management that are included in the management representation letter dated October 19, 2012 (copy attached).

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

This information is intended solely for the use of The University of North Carolina at Greensboro Board of Trustees, The University of North Carolina at Greensboro Board of Trustees Audit Committee, and management of The University of North Carolina at Greensboro and is not intended to be and should not be used by anyone other than those specified parties. If you have any questions about these matters, please contact the Audit Manager at (919) 807-7500.

Sincerely,
