University Leadership Institute Presentation - Wisdom and Strength Athletics and Academics at UNCG

Background Information

The UNCG Leadership Institute is designed to provide staff, faculty, and administrators with a significant, year-long opportunity to increase their leadership skills and accelerate their own leadership performance and readiness at the unit, department, or division level. The program is focused on emerging leaders. It covers important topics in leadership, but also provides participants with the opportunity to engage in action learning through the development of a project to solve an institutional issue or problem with guidance from a coaching mentor. Participants present their completed project to the Chancellor and Executive Staff at the close of the Leadership Institute Program. This Leadership Institute presentation was given on November 20th, 2014 and examines the positive role that collegiate athletics can play on a university campus. Members of the Leadership Institute group included:

Ryan Collins
Housing & Residence Life

Susan Hensley
