ATH – 2 Graduation Success Rate

Background Information

Colleges and universities are required by NCAA legislation and federal law to report student graduation rates, and those institutions offering athletics aid are required to report for their student-athletes.

In the early 2000's, NCAA members, particularly presidents and chancellors, asked the NCAA in to develop a measure of student-athlete graduation success that more accurately reflects modern-day patterns of student enrollment and transfer. As a result of that request, the NCAA created the Graduation Success Rate (GSR).
