BAC-2 Millennial District Proposal

Background Information

General Statute 116-198, Article 21B, provides the Board of Governors may act “on recommendation made by the President of The University of North Carolina after consultation by the President with the Chancellor and the Board of Trustees of a constituent institution, to designate real property held by, or to be acquired by, a constituent institution as a ‘Millennial Campus’ of the institution.”

The University of North Carolina at Greensboro seeks approval to pursue millennial campus designation for two “millennial districts” to provide the University’s faculty, students and staff opportunities to collaborate with business, industry and government partners. The Health and Wellness Across the Lifespan and the Visual and Performing Arts millennial districts will offer new opportunities to enhance the institution’s research, teaching and service missions while enhancing the economic development of the region and is consistent with models for millennial campuses in the UNC System.
